RE: ADA Transition Plan Survey

Dear Town of Highlands Residents & Visitors,

The Town of Highlands is in the process of developing an ADA Transition Plan. Per North Carolina Department of Transportation (NCDOT) provisions, municipalities with 50 or more employees must complete the self-evaluation and transition plan process. JM Teague will assist Town personnel in evaluating specific Town facilities for Title II compliance with applicable federal and state regulations. This evaluation will identify barriers in programs and activities that prevent persons with disabilities from access and include an assessment of policies and practices.

We need your help in identifying areas of concern around the Town. Please click the following link(s) to access the survey.
